About Biote

Biote is a woman-led company that provides third-party certified practitioners with a suite of services to create, develop, and implement a personalized program designed to optimize patient hormone levels. The company provides certified practitioners with education, training & certification, practice & inventory management software, and marketing support, as well as a database of related clinical research and prior patient information. Biote went public on Nasdaq on May 27, 2022. To learn more about Biote, please visit www.biote.com.

Forward-Looking Statements

This press release contains certain "forward-looking statements" within the meaning of the federal U.S. securities laws with respect to our expectations regarding future growth, performance, business prospects and opportunities, future plans and intentions or other future events. These forward-looking statements generally are identified by words such as "anticipate", "believe", "expect", "may", "could", "will", "potential", "intend", "estimate", "should", "plan", "predict", or the negative or other variations of such statements, reflect our management's current beliefs and assumptions and are based on the information currently available to our management. Forward-looking statements are predictions, projections and other statements about future events that are based on current expectations and assumptions and, as a result, are subject to risks and uncertainties. Many factors could cause actual results or developments to differ materially from those expressed or implied by such forward-looking statements, including but not limited to: the ability to implement business plans, forecasts and other expectations, and identify and realize additional opportunities; the risk of downturns in the market and Biote's industry including, but not limited to, as a result of the COVID-19 pandemic; risks and uncertainties related to Biote's business, including, but not limited to, those related to regulation, its supply chain, its executive influence, its limited operating history, highly competitive markets and competition, data privacy and cybersecurity, its ability to grow, its financial condition and potential dilution, its forecasts, expansion, intellectual property, current or future litigation, capital requirements and the need for additional capital, physician training, relationships with physicians, its key employees and qualified personnel, third-party manufacturers, regulatory scrutiny of the pharmacy compounding industry, health care fraud and abuse, HIPAA, and its dietary supplement business. The foregoing list of factors is not exclusive. You should carefully consider the foregoing factors and the other risks and uncertainties described in the "Risk Factors" section of the proxy statement and other documents filed by Biote from time to time with the Securities and Exchange Commission. These filings identify and address other important risks and uncertainties that could cause actual events and results to differ materially from those contained in the forward-looking statements. Forward-looking statements speak only as of the date on which they are made, and Biote does not assume any obligation to update or revise any forward-looking statements or other information contained herein, whether as a result of new information, future events or otherwise. You are cautioned not to put undue reliance on these forward-looking statements. Biote does not give any assurance that it will achieve its expectations.
